Comments from participating teachers at our workshop at the Cameron Art Museum

“I struggled with giving up a spring Sat., but this was definitely worth it! I would like you all to know this is a great program, and keep up the good work.”

“Thank you so so much for making this available! I loved seeing the museum exhibits and learning everything”

“Thank you. Everytime I've come, your PD is better than any other—even State convention PD.”

“I really enjoyed this workshop from beginning to end. It is definitely going to help me in the classroom. You guys were wonderful! this was an incredible experience that motivated me to motivate my students to use art to learn.”

Comments from participating teachers from previous workshops:

“It was a great workshop all the way around...even without the utensils. The presenters were awesome and the subject matter informative! Thanks for making the dreaded Saturday training fun and interesting!! I'll be incorporating many new ideas in my classroom this year.”

“I really enjoyed all of the workshops this time (as usual). I liked that it was the same workshops for both sessions (for different grade levels) because everyone got to take the same workshops and I didn't feel like I was missing out on something! ... I always feel like I get great ideas to take back to my school every time I come to the workshops and I look forward to seeing what comes next! Thanks for the continued opportunities to learn in a fun way.”

“Thank you for the opportunity to participate in the Full STEAM ahead workshop. It was a very productive Saturday. I have taught for 16+ years in the classroom(k-6th). However, this is my first year as a music teacher. I had the opportunity to become familiar with the program and all it has to offer, acquired many valuable resources and connected with other music teachers! Thank you to everyone who put this together! The knowledge I have gained will be applied to the lessons in my classroom.”

“I truly enjoyed my Saturday with the three of you. Each of you have unique teaching styles that I found to be motivating and fun. I think you ALL had excellent presentations and am happy to say that I feel like the entire day was worthwhile. Thank you for the wonderful coffee, donuts, and refreshing lunch. I appreciate the corporations who made this day possible.”

“It was a great workshop. It was well organized and educational. The instructors were very enthusiastic and that made it fun. I do not know of anything to add or change. I was very glad that it was offered and that I attended.”

“Thank you so much for another wonderful workshop. I loved seeing the art/ drama perspective and how it can be integrated by all. I will take back ideas today and partner with my kids teachers this year!!!”

Hearsay from a supervisor:

I just wanted to let you know that a former colleague of mine ... went to your STEAM training. She said that she and her coworkers loved it.

From Cameron Art Museum Staff:

“I just wanted to thank you all once again for a job extremely well done! We are already receiving positive feedback and it is all because of what a fantastic job all of you have done! If you have any feedback or suggestions that you would like to share, please do!”
