*Re: Letter of Recommendation for Planet Improv/Scott Pacitti*

Scott has been working on Wilson's campus over the past two school years.

During the 2021-2022 school year, he offered supportive teaching and facilitation in a 7<sup>th</sup> grade social studies class. He also worked with students

in a drama/improv club. In addition, he facilitated improv experiences with our parents and staff that were met with great enthusiasm. Currently, Scott is teaching a drama/improv elective class that is offered to all three grade levels (6<sup>th</sup>, 7<sup>th</sup>, 8<sup>th</sup>).

What Scott offers is invaluable. His work allows young people to discover and explore who they are (and how to work together and interact with others) in very creative, innovative, and fun ways. The improv experience also offers students who are shy and reserved the opportunity to expand their self-expression and take risks that allow them to develop their confidence and ability to assert themselves.

On a personal level, Scott is very friendly, caring, funny, and helpful. He does not hesitate to go above-and-beyond in his supportive efforts. Scott's work at Wilson is an important part of our school's overall emphasis on Social-Emotional Learning (SEL). We are very fortunate to have him and his Planet Improv work on our campus.

A handwritten signature in black ink that reads 'Barry Sherman'. The signature is fluid and cursive, with a long, sweeping underline.

Barry Sherman ~ MSW, LCSW  
Coordinator for SEL & Student Leadership  
School Social Worker
